

FRANKS MAKES PITIFUL PLEA TO MOOSERS

Artful Republican Speaker Talks Of Panic But Forgets to Mention Two Under Republican Rule

Ed T. Franks, the smartest stump speaker in the republican party, spoke to a crowd of about 150 people at the courthouse Saturday night in the interest of the Taft ticket. With an address of which only a man of his acuteness is capable, he made it appear that all the prosperity the country now enjoys is directly due to the administration of President Taft. He did not even give Roosevelt the credit for having had any prosperity during his administration. He dwelt dolefully upon the panic during Cleveland's administration, and emphasized the fact that it was during a democratic president's term of office. However, he neglected to even mention what history records as the severest panic the country has even seen and the hardest times, in the year 1873 during a republican administration, or the panic of 1907, five years ago, when a republican president was also in power. In fact, Mr. Franks looked at but one side of the picture and often gave a very unfair presentation of that, for instance when he contrasted the prosperity of present times with times under Cleveland, and gave as an illustration, the fact that there are so many automobiles owned everywhere in the country today. Of course, he couldn't have made a point if he had told his hearers that automobiles hadn't been heard of in Cleveland's day. Such arguments as he gave will deceive no one who takes the trouble to investigate.

The plea he made to the Bull Moosers to return to the old party was very different from the style of treatment the republican orators were handing out to the Roosevelt men a few weeks back in his campaign. They now see that they are defeated for the presidency and are simply trying to poll more votes than the Moosers; that's the long and short of the whole affair.

Accompanied by Dr. R. L. Davison, Mr. Franks spoke at Liberty on Saturday afternoon when a big republican rally was held there in an effort to weaken the Moosers who are said to be very strong in Casey. A log cabin was raised on the fair grounds and free burgoo was served which, of course, drew a big crowd. Dr. Davison is said to have made a rattling good republican speech.

Commonwealth's Attorney George D. Florence introduced Franks here as the strongest man for the republicans to nominate for governor next time and he pretty near is.

Some of the issues which have been raised in the present campaign which Mr. Franks took particular care not to mention in his speech here, were:

The charge made by Roosevelt that Taft having accepted a stolen nomination is not the man to give the country an honest administration.

The undenied charge that the big manufacturers, protected by the high republican tariff, which is endorsed by Taft, are selling goods they make cheaper in other countries than they do at home, such as farming machinery of all kinds, sewing machines, clothing, etc.

The charge that all of the big bosses and others who have fattened on the common people are standing solid for Taft while the leaders of the working people and the working people themselves who understand conditions are for Wilson.

The fact that the honest business men of the country have no fear of a democratic administration, and that the democrats are standing solidly on the declaration that honest business must not be interfered with but must be nurtured and protected in every legitimate way.

In this connection, some questions and answers in Bryan's Commoner on the panic history of the country are not amiss and show up completely how one sided and false is the argument the republicans are making:

Q.—How long since the republican party first came into power?
A.—Fifty two years.
Q.—How many panics have we had during that time?
A.—Three.
Q.—When did they come?
A.—In 1873, 1893 and 1907.
Q.—Who was president in 1873?
A.—U. S. Grant.
Q.—To what party did he belong?
A.—The republican party.
Q.—What did the democrats have to do with the panic of 1873?

A.—Nothing, except that they suffered from the panic in common with others.

Q.—Who was president when the panic of 1907 came?
A.—Theodore Roosevelt.

Q.—To what party did he then belong?

A.—The republican party.

Q.—What party had control of the senate?

A.—The republican party.

Q.—What party had control of the house then?

A.—The republican party.

Q.—What did the democrats have to do with that panic?

A.—Nothing, except that they suffered from it like others.

Q.—Is it possible that two of the three panics came under republican presidents and with republicans in control of both the senate and the house?

A.—Yes. The first panic came in the middle of a 24-year period during which every president was a republican. It came 12 years after the last democratic president, elected before that period began, and 12 years before the first president was elected after that period ended. And the last panic came during a 16-year period of republican rule. It came more than 10 years after a democratic president went out in 1897, and nearly six years before the inauguration of a democratic president in 1913.

Q.—Why do the republican speakers ignore these two panics?
A.—This question ought to be easily answered by those whom the republican speakers try to deceive—it is because neither of these panics can be charged to the democrats and reference to them would rob the threat of its terror.

Q.—Reference has been made to the first panic which came in 1873 and to the last one which came in 1907. Let us now consider the second panic—the panic of 1893. Who was president when it came?

A.—Grover Cleveland.

Q.—To what party did he belong?
A.—He was elected by the democratic party in 1892 but helped to elect a republican to succeed him in 1896.

Q.—How soon after his election did the panic come?

A.—So soon that it came under republican laws—not a single republican law having been repealed before it came.

Q.—Under what tariff law did the panic of 1893 come?

A.—Under the McKinley law—the panic came a year before the McKinley law was repealed.

Q.—Under what monetary law did the panic come?

A.—The Sherman law—the panic came several months before the purchasing clause of the Sherman law was repealed.

Q.—Is it possible that only one of the three panics came under a democratic president?

A.—Yes, only one of the three.

Q.—Why do the republicans speak of this panic only?

A.—Because they're more interested in making political capital than in telling the truth.

Q.—Are the republican leaders ignorant or dishonest when they threaten panic in case of democratic success?
A.—They are probably both.

GOOD WOMAN GONE

Wife of Jailor Dink Farmer Dies After Lengthy Illness

Mrs. Mary Farmer, wife of Dink Farmer, jailor of Lincoln county, died at her home here Friday morning at 6 o'clock after a lingering illness of tuberculosis. Deceased was Miss Mary Barge and 26 years ago became the wife of the man, who today is bowed under the burden of sorrow occasioned by the loss of a tender and faithful helpmeet. To this couple were born nine children, and eight of them survive their good mother.

Many years ago Mrs. Farmer united with the Christian church and had always lived the life of a true and devoted Christian. Saturday morning at 10 o'clock the remains of this devoted wife and mother will be taken to the family burying ground at Neal's Creek and consigned to the tomb. The unfeigned sympathy of a legion of friends goes out to Mr. Farmer and his children in their irreparable loss.

LIVE STOCK SELLS WELL

At E. McCormack's Sale But Bidders Were Scarce on Land

The sale of Emmett McCormack, just over the Lincoln line in Casey, three miles south of Hustonville, drew a good crowd Friday. Col. I. M. Dunn, of Danville, cried the sale and on nearly everything offered the bidding was spirited. Mr. McCormack stated at the outset that there would be no by-bidding but, of course, reserved the right to reject any bid not satisfactory. The following is a list of the sales and the prices realized:

Horse Stock—Brood mare James Gaddberry \$95; male colt G. D. Gaddberry \$33; yearling colt to D. J. C. Barker \$51; pair eight-year-old mules R. G. Gover \$250; pair six-year-old mules to R. B. Woods \$925; buggy mare to J. H. Woods \$100.

Five hundred bales of timothy hay went to Dr. J. C. Barker, 300 bales at 65 cents and 200 bales at 66 cents a hundred. 100 bales of straw went to W. G. Cuman at 21c a bale; 50 bales to Ed Carpenter at 20 cents and 50 bales to M. B. Carson at 20 cents.

Mr. McCormack offered his farm in two different tracts; one of them, 62 3/4 acres, was taken off the market at \$55 and the remainder he refused to offer at all, believing it was useless to do so in view of the poor bid he had on the first tract put up.

The Highest Average

According to promise I am to give the report of the highest average based on census. After looking over the reports from the teachers in the Rural schools, I find that the highest average based on census is eighty one percent. This is in Educational Div. 2, Sub. 4, Mrs. C. L. Gooch, teacher. Several teachers report an average over 70 per cent.

At the close of the term, I will give the name of teacher and sub district making the best average for term. Garland Singleton, Supt.

WHIRLWIND CAMPAIGN FOR LINCOLN COUNTY

Orators in Auto Train To Make Complete Tour On Thursday And Friday.

Never before in the history of Lincoln county has such interest been manifested in a National election as the one which will be brought to a close on the 5th of the coming month. Even in county races, when interest is at fever heat, it has been impossible to secure good sized audiences out in the county to assemble for the purpose of hearing a speaker. The campaign this fall, however, is proving an exception to this condition, for splendid audiences have greeted every speaker sent out, and the numerous inquiries as to where the next meeting will be held, show the interest that is being taken in the fight. From every section of the county come splendid reports and Chairman McCarty is leaving no stone unturned to keep this interest up by sending speakers to every precinct to discuss the issues and to remind the voters that victory is within the grasp of democracy if its forces will go to the polls.

In addition to the final rally to be held in Stanford on Saturday afternoon, Nov. 2nd, at which time Judge John W. Hughes and one or two others of the best stump speakers in the State will be present, it is being arranged to make a complete canvass of the county in a train of automobiles, which will carry one or more speakers from out in the state who have established reputations. Chief of these will be Hon. John W. Newmann, W. Commissioner of Agriculture, and who is a rising democratic speaker.

With the orators will be a number of local speakers and as many of the leading democrats of the county as can be seated in the machines. This still will be a splendid opportunity for those democrats living in remote parts of the county to hear a summary of the political situation in the nation, as every section will be covered. Read carefully the following itinerary as you will see exactly when the whirlwind campaigners will reach you. The speeches will necessarily be short, but they will be to the point and well worth coming to hear.

BULL MOOSE DANCES

Have Become the Fad Among Members of that Party at Rowland

Rowland, Lincoln County, Oct. 28. —It seems that the Bull Moose party is getting all of the republican voters here. Practically all of the republicans in this precinct will vote for Roosevelt. The women have got up a new dance which they call the Bull Moose step and no one is admitted unless he is a Bull Moose. Their first dance or grand opening was last week at Mr. and Mrs. Jim James'. Our bustling stock trader and talented musician, Mr. George Linsford, furnished the music. Miss Katy Land and Mrs. Bella Conley were considered the best dancers. At these dances the men all have to wear buttons or badges pinned on them, and the ladies all do their hair up in cone-like shapes on their foreheads, which is designed to represent the Moose horns.

We are glad to see Mr. J. B. Higgins back in our town selling goods again.

Uncle Alex Martin is very sick. James Sutton, who has been sick, is able to be up again.

Mrs. John Pritchett has been sick for several days.

Messrs. Henry Harris, Jesse Martin, Lilburn Brent, Foster and Leonard Smith, Miss Jennie Smith, and Mr. W. R. Smith and family went elephant hunting Sunday and had a delightful time.

Progressives to Be Represented.

Three political parties will be represented by inspectors and challengers, at the polls next Tuesday, the Progressives all over the state having out their lists so that they can see what goes on inside the booths and that Roosevelt gets all the votes that are cast for him. The law provides that each political party represented on the ballot is entitled to such representation at the polls, and the new party is taking advantage of the law.

ROOSEVELT DELEGATE FOR TAFT

Letter of Wm. Heyburn, President Helman Hardware & Manufacturing Company, and Roosevelt Delegate from Louisville to the Republican National Convention.

Mt. Clem, L. Scholl, Louisville, Kentucky.

My Dear Sir:

Referring to your question as to what candidate I have decided to vote for, for President, at the November election, I would say that I am going to vote for Messrs. Taft and Sherman, whom I regard as the regular nominees for the Republican Party.

I attended the Chicago Convention as a Roosevelt delegate, but from my observation and experience there, I considered it was fortunate for the country and for the Republican Party as well, that Mr. Roosevelt was not nominated. I became convinced that Mr. Roosevelt's candidacy was the result of personal ambition and not for the purpose of furthering any particular policies or principles. I believe that with Mr. Roosevelt's co-operation it was possible for the Progressive element of the Republican Party to have nominated Governor Hadley or Senator Cummins to have revised the rules, so as to eliminate the authority of the National Committee, where over such authority as they had might be abused, and more important than all, to preserve the integrity and usefulness of the Republican Party.

Mr. Roosevelt's followers, by reason of their passionately stormy methods, used where no principles could possibly be involved, destroyed my confidence in their level-headedness and good judgment. I was well prepared by what I saw at Chicago, for the lack of the sense of proportion that lent to the action of the Roosevelt supporters in undertaking to establish the Progressive Party.

As for myself, I can see no hope of accomplishing progressive measures by this procedure, and grave danger of weakening the influence of the Republican Party for good along many lines.

The Republican platform relative to Tariff policies appeals to me with peculiar force. I have had the advantage of knowing something about the working effect of tariff schedules and tariff policies on business, and without feeling intolerant of the opinion of other men, am satisfied that the Republican policy of protection is for the general interest as well as general prosperity. I believe that if Dr. Wilson is elected President, he will probably call an extra session of Congress, to revise the Tariff, and immediately business will stagnate. The demand for the products of the farm and factory will drop off, and the necessary accommodation to this will be a falling market. If the Tariff schedules are so made as to threaten American producers with serious competition from abroad, where the price of labor is so much lower than here, the condition of stagnation will be permanent, or until the policy is changed. If the change made by such a special session is not such as to bring the American consumer into competition with the foreign producer, I can see no logic in changing the Tariff, unless the program of the Democratic Party becomes a futile one.

No one who is thoughtful can doubt that if the Democratic Party is elected to power by a large majority, as some claim it will be, it will be a very radical free trade, or "Tariff for the revenue only" Party. No believed pre-election promises of Dr. Wilson, delivered in Pittsburgh to induce the voters in the district, where protection sentiment is supposed to be extensive, will change this fact. Those who vote for Dr. Wilson, should do it with the full knowledge of what it means, and should not vote for him unless they believe in the tariff for revenue only, which is the real meaning of the Democratic platform and the real intention of the Democratic Party. Those who believe in a protective tariff policy and expect to make their vote effective should in my opinion, stay with the Republican Party, whether in their opinion it is managed in every detail to suit them or not.

Yours Very Truly,

COL. HUFF DUDDERAR

GOES TO BETTER LAND

Well Beloved and Esteemed Citizen And Farmer Passes Away Friday After Short Illness.

Col. Huffman Dudderar, known to nearly every citizen of this county, and a familiar figure, prominent farmer and well esteemed citizen, died after a few days' illness of a complication of troubles, at his home near Rowland, at 11 o'clock last Friday night. The end came peacefully as though he was but laying aside the toils of a well spent day, to be renewed, as was his custom, with the coming of another morning.

Col. Dudderar was born in Lincoln county, and his entire life of 80 years was spent within its borders. Many years ago he led to the hymeneal altar, Miss Cynthia Farmer, and she, with five of the seven children born to them, survive. They are Mesdames J. F. Larue, of Louisville, George W. DeBorde and W. L. Murphy, of this place, Ed Dudderar, of Montgomery, Ala., and J. Fox Dudderar, the well known L. & N. engineer with headquarters in Louisville. All were at the bedside when the end came.

For a number of years after the civil war, Col. Dudderar conducted a stage line between Stanford and Somerset, and by his courteous treatment of all won the title of the "Singe Coach Prince." He gave up that business after railway connections were established and devoted his attention to farming and stock raising at which he was eminently successful. He was of a jovial, happy disposition, and numbered his friends by his acquaintances. Many years ago he united with the Christian church and ever lived up to its teachings.

A few years ago Col. and Mrs. Dudderar celebrated their golden wedding and those who gathered at the hospitable home for the joyous occasion, expressed the hope that this well beloved couple might live to celebrate their 60th anniversary, and it seemed that the years were resting so lightly upon them that these fond hopes might be realized. Only a few days since he was on the streets of Stanford looking well and apparently gave promise of many more useful years; but man proposes and God disposes, and on Sunday afternoon, after services at his late home by Rev. D. M. Walker, the mortal remains of this good man were laid to rest beneath the sod of Buffalo Springs Cemetery.

This presidential race resolves itself down finally to a fight between a champion of the people and their rights against two opponents both of whom are completely identified with the big interests which do not give a tinker's dam whether the common people get any consideration or not. Woodrow Wilson is leading the common people's cause. How can we afford to do otherwise than stick to our friend?

A Californian is responsible for the statement that the Bull Moose movement is 5 per cent moose and 95 per cent plain, old-fashioned bull.

Political matter has crowded out many good things from this issue, but let's all be thankful the election will be over next week.

Over 2,200 votes should be polled in Lincoln for Woodrow Wilson next Tuesday and will be if every democrat will do his duty.

Don't believe everything you see in the Interior Journal today. We don't guarantee our advertisements.

All democrats of Lincoln are urged to come in Saturday to hear Judge John W. Hughes speak.

One week from today tells the tale.

THE DOCTOR'S QUESTION

Much Sickness Due to Bowel Disorders

A doctor's first question when consulted by a patient is "Are your bowels regular?" He knows that 98 per cent of illness is attended with inactive bowels and torpid liver and that this condition must be removed gently and thoroughly before health can be restored.

Rekall Orderlies are a positive, pleasant and safe remedy for constipation and bowel disorders in general. We are so certain of their great remedial value that we promise to return the purchaser's money in every case when they fail to produce entire satisfaction.

Rekall Orderlies are eaten like candy, they act quietly and have a soothing, strengthening, healing influence on the entire intestinal tract. They do not purge, gripe, cause uneasiness, flatulence, excessive looseness, diarrhoea or other annoying effect. They are especially good for children, weak persons or old folks. Two sizes, 25c and 10c. Sold only at our store—The Rekall Store, Penny's Drug Store.

Posted—Hunting Forbidden.

Fall and Winter Suitings.

My new Fall and Winter Samples are now ready for your inspection. They comprise the best in the market. I can suit anyone as to price who had his clothes made to order. A suit made to your measure is preferable to ready made clothes. To have them made to measure doesn't cost any more than ready made when quality and fit is considered. Come in and let me take your measure.

R-C-H "Twenty-Five" \$900
The Car Complete

You Can Pay More---But What More Will You Get?

We ask your investigation of the R-C-H on two plain statements: First, that no car at any price is more staunchly or sturdily built; second, that if you do not buy an R-C-H you will not get as great a value anywhere else.

A CAR THAT IS CHEAP ONLY IN PRICE

The R-C-H marks the biggest readjustment of the motorcar values in years. But the price is made possible by two things—quantity production, and a systematization of cost and factory problems such as we do not think the industry has ever before experienced. Our motto is: "Spend every dollar necessary for quality, but don't waste a cent." And it's wonderful what a difference the close application of that principle makes in the price of the car.

LEFT-SIDE DRIVE—CENTER CONTROL

Any other than a left-side drive is an absurdity under North American road rules. It is a wonder that American motorists tolerated a right-side drive for so many years; a greater wonder that manufacturers retained it.

The drive of the R-C-H is left-side; the control is center lever—out of the way, yet convenient to the operator's right hand.

Greater accessibility; greater interchangeability due to the extensive use of drop forgings, ideal spring arrangement; perfect braking system—there are dozens of R-C-H features that must be seen to be appreciated.

Let us show them to you.

LIVED ON RAW EGGS

Mr. Richard's Experience With Different Diets. Peaches and Buttermilk for Three Years.

Cecilton, Md.—Mr. George Richards, of this place, during the past 12 years, has probably tried more different diets than the average person would ever use in a lifetime.

What he has to say about his experiments, must therefore be highly interesting to anyone suffering from indigestion or stomach troubles of any kind.

He says: "For more than 12 years, I suffered with stomach troubles, and paid hundreds of dollars for doctor bills and medicines. I was also operated on for piles.

I lived on dried peaches and buttermilk for nearly three years. The only thing that would not give me pain was raw eggs. I was a physical wreck. I could not sleep, and was as near crazy as a man could well be.

I must say that after taking two 25-cent packages of Thedford's Black-Draught, it did me more good than all I ever spent for other medicines.

I have been working daily on the farm ever since, and I am as hard as iron. This purely vegetable remedy has been in successful use for more than 70 years. Try it. But be sure that it's "Thedford's."

Cook and Harvey Wilkinson. The judges decided in favor of the negative.

Miss Elizabeth Staggs then gave us a recitation, followed by the readings of Wesley Smith and Miss Maud Arnold. Lewis Proctor had the Current Events this time. Miss Kittie Jones gave us her class prophecy, followed by the journal written by Miss Bessie Moore. After the critic's report we adjourned until next time.

A Severe Sickness Leaves
The Kidneys Weak

After recovering from a severe spell of sickness some time ago, I was all run down and suffering from poor blood. I would have pains in my back and hips and my kidneys bothered me all the time I started taking Swamp-Root upon the recommendation of a friend and found it was just what I needed. My blood became all right and after taking a few bottles, I was surprised at the effect it had on my kidneys. They were entirely cured and I have much to be thankful for that your great remedy did for me.

Yours very truly

National Prohibition Party Platform

The Prohibition party in national convention at Atlantic City, N. J., July 10, 11 and 12, 1912, recognizing God as the source of all governmental authority, makes the following declarations of principles and policies:

1.—The alcoholic drink traffic is wrong; is the most serious drain on the wealth and resources of the nation; is detrimental to the general welfare and destructive of the inalienable rights of life, liberty and the pursuit of happiness. All laws taxing or licensing a traffic which produces crime, poverty and political corruption, and spreads disease and death, should be repealed. To destroy such a traffic there must be elected to power a political party which will administer the government from the standpoint that the alcoholic drink traffic is a crime and not a business, and we pledge that the manufacture, importation, exportation, transportation, and sale of alcoholic beverages shall be prohibited. We favor:

2.—The election of United States Senators by direct vote of the people.

3.—A uniform marriage and divorce law. The extermination of polygamy and the complete suppression of the traffic in girls.

4.—Absolute protection of the rights of labor, without impairment of the rights of capital.

5.—The settlement of all international disputes by arbitration.

6.—The abolition of child labor in mines, workshops and factories with the rigid enforcement of the laws now flagrantly violated.

7.—Suffrage for women on the same terms as for men.

8.—A presidential term of 6 years and one term only.

9.—Court review of post office and other department decisions and orders; the extension of the Postal Savings Bank system and of rural delivery, and the establishment of an efficient parcels post.

10.—The initiative, referendum and recall.

11.—As the tariff is a commercial question it should be fixed on scientific basis of accurate knowledge, secured by means of a permanent, non-partisan tariff commission, with ample powers.

12.—Equitable graduated income and inheritance taxes.

13.—Conservation of our forest and mineral reserves, and the reclamation of waste lands. All mineral and timber lands, and water powers, now owned by the government, should be held perpetually and leased for revenue purposes.

14.—Clearly defined laws for the regulation and control of corporations transacting an interstate business.

15.—Efficiency and economy in governmental administration.

16.—The protection of one day in seven as a day of rest. To these fundamental principles the National Prohibition party renews its long allegiance, and on these issues, invites the co-operation of all good citizens to the end that the true object of government may be attained, namely, equal and exact justice for all.

THINK IT OVER

Either Mr. Taft or Mr. Wilson Will Be Elected President.

In Kentucky, the Progressive Party will fall far short of securing the required number of votes to qualify it as a political party within the provisions of our election laws. This is indicated clearly by their insignificant registration, and by the reports received by the Committee, of conditions throughout the State.

Since the middle of September, the DRIFT HAS BEEN STEADILY TOWARD THE RE-ELECTION OF MR. TAFT and is INCREASING IN FORCE as the election draws near.

The reason for this is apparent to any one giving the matter a moment's consideration. CONTINUOUS EMPLOYMENT IS AT HAND for all those who desire to find it and REMUNERATIVE PRICES REWARD THE PRODUCERS. THIS MEANS COMFORT FOR THE PEOPLE GENERALLY and accounts also for the absence of political excitement.

THE VIOLATION OF THE MOST SACRED TRADITION OF THE REPUBLIC: opposition to a THIRD TERM as President for any man, and the ECONOMICAL THEORIES and VITAL CONSTITUTIONAL CHANGES involved in the candidacy of Mr. Roosevelt, are issues of extreme importance, but the fact that HIS DEFEAT IS CONCEDED BY ALL, except his most ardent supporters, has to a large extent eliminated them from consideration.

THE RACE BEING BETWEEN THE REPUBLICAN AND DEMOCRATIC CANDIDATES: our confidence that the good judgment of the people will lead them to RE-ELECT MR. TAFT is based upon the record: THE REPUBLICAN PARTY BELIEVES IN, AND WILL ADHERE TO THE PROTECTIVE TARIFF SYSTEM.

THE DEMOCRATIC PARTY BELIEVES IN TARIFF FOR REVENUE ONLY, which means FREE TRADE and, if placed in power, will, if true to their platform declaration seek at once to wipe out and DESTROY ALL ELEMENTS OF PROTECTION in our tariff laws. Their platform declarations of 1892 and 1912 on this question are identical and, in both, a PROTECTIVE TARIFF IS DENOUNCED AS UNCONSTITUTIONAL.

In 1892 the Democratic Party was successful upon this issue and they tried their hand on the tariff and the results are well remembered: DISTRESS, MISERY, WANT AND ACTUAL STARVATION WERE GENERAL THROUGHOUT THE LAND and continued until the election of McKinley and the restoration of the Republican Party to control. They, of course, try to explain and absolve themselves of responsibility for the result, but they cannot deny actual conditions as they existed during their complete control of the executive and legislative branches of our government.

NOW THE COUNTRY PROSPERS. Business prostration in any line exists nowhere within its borders. The affairs of the government have been economically and efficiently administered. THE GOVERNMENT'S CONTROL OF TRUSTS HAS BEEN STRENGTHENED. A surplus remains in the treasury after the payment of all expenses. The trade of the country is larger than at any other period in its history.

A Republican Administration, with Mr. Taft as its head, has been and is now in charge. WE KNOW WHAT WE HAVE IN 1912. WE KNOW WHAT WE GOT AS A RESULT OF 1892.

Under the PROSPERITY and PLENTY, under the other DISTRESS and DISTRESS.

THE ONLY SAFE COURSE LIES IN HOLDING ON TO THAT WHICH IS GOOD. DANGER LURKS IN A CHANGE. No risk except in a change. Then why take it? A VOTE FOR ROOSEVELT IS WORSE THAN WASTED: it is a vote to take the risk.

SO, MR. VOTER, whatever may be your occupation, THINK IT OVER while you yet have time, and LET YOUR VOTE SQUARE WITH YOUR JUDGMENT.

REPUBLICAN STATE CAMPAIGN COMMITTEE.

W. D. Cochran, Chairman.
